Trimble Technology
Packages now available
on all Kobelco Excavators

YOUR CONSTRUCTION TECHNOLOGY PROVIDER

KOBELCO TRIMBLE TECHNOLOGY PACKAGE

Maximise the productivity of your machine and maximise your profits with Trimble Earthworks 2D Grade Control Platform.

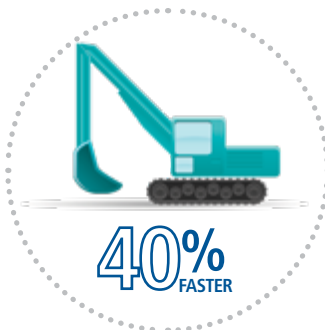

Increase your mass haul productivity and efficiency by preventing underloading, and improve safety by avoiding overloading with Trimble LOADRITE Payload Management.

Start with 2D to experience productivity gains. It comes with the option to upgrade to 3D* later for more precise positioning or more complex designs.

*Additional costs for equipment required for upgrade to 3D
